Please wake

late to
college!

Not

How stubborn!

There isn't any thing that sounds like a businessman who's too afraid to go to work.

I feel sluggish. I'm gonna stay home.

You'll lose credits, you know?

Even so, what's with that?

Get the hell up now!

Why don't you come out with...

I'll go once I drive you out of here.

Even though I don't have any more students.

But won't this make you late for school, Aoyama?

An opening!

!!

They don't touch me in weird places!

Ass-
squeals ♡
